

Kelly Cook

Senior Developer

Phone: 407-697-7395

Email: kellycook11@gmail.com

PROFESSIONAL SUMMARY

I'm a passionate Web Developer with 12 years of professional experience and a strong understanding of internet technologies. Currently responsible for the back-end development, maintenance and deployment of high traffic, responsive websites, as well as the supervision of PHP contractors. Proven expertise in carrying out the design and development of responsive websites, from wireframes to deployment.

WORK EXPERIENCE

Senior Developer

Erwin Penland | Greenville, SC

Apr 2012 - Present

- Collaborate with UX and Creative teams to build small to large-scale websites, applications, and other cutting edge digital solutions.
- Implement and optimize Wordpress, Craft and ExpressionEngine content management systems.
- Work with Account Management teams to recommend strategic website enhancements for a variety of clients including Denny's, Lockheed Martin, Verizon, Chick-fil-a and Califia Farms.

Full Stack Freelance Web Developer

Torque Creative | Anderson, SC

Nov 2013 - Jul 2014

- Produced an updated and responsive website experience for the TTI Field Representative's Rewards Program (TTI Rewards).
- Built wireframes using InDesign and created design comps in Photoshop.
- Developed the responsive front-end using HTML5, CSS3, jQuery and Sass. PHP (CodeIgniter) and MySQL were used on the back-end.

Front End Web Developer

BI-LO, LLC | Greenville, SC

Mar 2011 - Apr 2012

- Designed and developed dynamic web applications, including an employee phone directory and a recipe database administration interface.
- Hand coded HTML5/CSS3/AJAX/PHP templates from PSD files and implemented into ExpressionEngine.

Front End Web Developer

Netbiz, Inc. | Tualatin, OR

Oct 2009 - Oct 2010

- Hand coded HTML/CSS templates from PSD files for use with a proprietary CMS.
- Partnered with back-end development team to code user interfaces for web-based applications.
- Learned coding language or technology needed to create or customize any web-based product.

Web Developer

LightPath Technologies, Inc. | Orlando, FL

Jul 2006 - Jul 2009

- Designed, developed, and maintained the corporate website.
- Created a relational product search engine using PHP, MySQL, and AJAX.
